

UCM

United Campus of Malta

clever, cross-practice and multi-cultural.

NOTA UFFICIALE

Dear Students,

We apologize for the inconvenience caused in France by Jean François Dumas, General Secretary of the National Council of the Order of Masseurs-Physiotherapists, but we would like to inform you that UCM has already taken action in this regard.

Please find here all the official information from our Foundation and the Maltese Government.

UCM FOUNDATION HEI IS RECOGNIZED IN THE EUROPEAN UNION

The Bachelor in Physiotherapy and Dental Science offered from UCM is recognized in all countries of the European Union.

UCM Higher Education Institution Foundation is a tertiary level institution and is accredited by Malta Further and Higher Education Authority - as Higher Education - in the European university landscape in the same way as universities, polytechnics and university schools accredited to the ministries of each state; in particular, UCM is authorised to issue level 6 and 7 titles of the Malta Qualification Framework referenced to the European Qualifications Framework / EQF.

UCM

United Campus of Malta

clever, cross-practice and multi-cultural.

NOTA UFFICIALE

The diplomas awarded by the UCM are absolutely valid and legitimate: the study programmes (bachelor and master) included in the training offer are accredited by the Maltese National Authority for Higher Education with license n2015-11(MFHEA - Malta Further and Higher Education Authority).

RECOGNITION OF PROFESSIONAL QUALIFICATION

After graduating and for the recognition of professional qualifications, the student will have to:

If the student has graduated in Dental Science, he/she must apply to the medical council for qualification to the profession. After obtaining authorization from the Maltese Government, you can apply for authorization in other countries of the European Union and in Switzerland, following the regulations of the country in which you are asked to operate.

Obtaining a Bachelor of Dental Science from UCM does not automatically constitute a direct recognition of the authorization to practice dentistry. The authorisation to practise is given, at the request of the candidate, by the competent body of the country where the graduate intends to practise.

UCM

United Campus of Malta

clever, cross-practice and multi-culti.

NOTA UFFICIALE

If the student has graduated in Physiotherapy, he/she must register with the CPCM (Council for the Professions Complementary to Medicine) for qualification to the profession. After obtaining authorization from the Maltese Government, you can apply for authorization in other countries of the European Union and in Switzerland, following the regulations of the country in which you are asked to operate. To be enrolled, the CPCM requires students to submit their C1 English language diploma.

It is essential to underline that the CPMP, in order to grant authorisation to practice as a physiotherapist in Malta, may, at its discretion, request a further traineeship or further or other examination (see Directive 2005/36/EC and Directive 2013/55/EU).

UCM AND EUROPE EDUSS

Between UCM and Europe Eduss there is a partnership for which Eduss provides logistics services in order to allow the proper execution of UCM study programs on the Europe Eduss campus. Europe Eduss is not involved in the planning and awarding of course titles offered by UCM Foundation HEI.
